推進中美相互瞭解合作 促成海峽兩岸和平統一 倡導和諧平等多元世界

春節期間，武漢發現了新冠肺炎疫情以來，便有不少陰謀論 (conspiracies) 出現，首先是西方有少數媒體報導說疫情之所以發生，可能是中國在武漢地區的生化實驗室裡的毒氣外洩所導致？而中國當地也有不少懷疑這次疫情是某個西方國家對中國的直接生化攻擊，因為這次疫情發生的時間（中國春節）地點（武漢是中國的心臟地區最大城市）都不能不令人要問，如果不是人為操控，疫情如何能如此精準地從武漢展開？而西方媒體那段生化實驗室毒氣外洩的報導，更多引發「惡人先告狀」的聯想，因為世界上根本不會有任何國家會把生化實驗室放在一個大城市裡？是耶？非耶？

以上所說的陰謀論，筆者希望能止住在陰謀論上，而不是真的事實，但是中國也要記住「害人之心不可有 防人之心不可無」那句老話，在這次疫情之後，要在各大城市做好應變機制和防護準備，才能讓廣大人民到時候能夠處變不驚。

疫情擴大後，我們來看看中國從上到到底發生了那些大事：

1. 習近平宣布他要親自指揮這場防疫戰以安定人心，李克強也親自到武漢為當地人民加油打氣。
2. 疫情剛開始，經過多方意見，宣布武漢封城，避免了疫情擴大，對全世界做了非常重大的貢獻。
3. 兩週內建成了火神山和雷神山兩個能容千張病床的大型醫院，另外還建成了十一座可容數百床位的中小型的方艙醫院。

◎范湘濤

4. 三天內建造了一個每天可以生產1728000個的工廠(半秒鐘生產一支口罩)。

5. 兩個星期內，從全國各地調派一萬八千多醫護人員前往武漢湖北支援防治工作，其中大多數是自動請纓的。

6. 許多自願者不顧自身安危，為需要幫助的弱勢人群奔走，幫助他們解決生活上的大小問題。全國各省市，為湖北武漢送去他們所需的必要物品，海外華人不斷從所在地寄給武漢的醫療物品，真是所謂的「一方有難，八方支援」。

7. 在一片混亂的情況下，中國政府仍然不斷派出專機去接滯留海外的武漢人回家，從他們登機的那一刻，他們手上搖著五星紅旗，不停飛舞，可見他們對於那個國家的熱愛程度。

從上面舉出的這些事例，可以看到中國政府的組織能力和動員能力的高超，可以看到中國對世界防疫負責處理的態度，更可以看到人民對中國政府的支持和擁護。聯合國秘書長，國際衛生組織和國際貨幣基金組織的領導人，以及許多國家領袖們（包括川普）都紛紛對中國政府發出稱讚聲。沒想到的是此時此刻，卻有人出來唱反調，有一個叫沃特·米 (Walter Russell Mead) 的人，在華爾街日報投稿，他用反華的口吻，從新冠肺炎疫情來唱衰中國未來的經濟，華爾街日報的編輯更是火上澆油，替文章下了一個

很嚇人的標題"China is the real sick man of Asia"「中國是真正的亞洲病夫」；引起美國各界嚴重關注和廣大華裔同胞的憤怒，他們已經向白宮發起請願，抗議華爾街日報辱華言論並要求該報正式道歉，三天之內在請願信上連署支持人數已超過十萬；如果您覺得《華爾街時報》這篇文章標題涉嫌對華種族歧視，歡迎您點擊以下連結向白宮投訴。筆者在此要謝謝您的參與！

<https://petitions.whitehouse.gov/petition/racially-discriminatory-article-title-wall-street-journal>

筆者先後到過武漢四次，對黃鶴樓的壯麗和東湖的柔美印象非常深刻，想到了黃鶴樓，自然會想起崔顥「日暮鄉關何處是 煙波江上使人愁」的詩句，那是一個多美的畫面？也是因為查黃鶴樓，在網上發現了下面這個藏頭詩，來逗大家一樂；最後，讓我們大家一起呼喊「武漢肺炎全國支援！眾志成城有驚無險！武漢加油！中國加油！」

黃鶴樓之千年預言

武皇開邊意未已
漢皇重色思傾國
肺炎州沈水滄海
全似丹青搵染成
國無一人莫我知
支離東北風塵鳴
援離玉袍兮擊鳴鼓
眾志尋他千百度
志成乖今節義虧
城行新筍霜猶厚
有破囊驚羽衣曲
驚邊落木蕭蕭下
無如舟馬當祠

唐·李白

孩子！我知道你只想要一個平凡父親，而我卻做了一個平民英雄。

天快亮了，我要走了，帶著一張保證書，那是我此生唯一的行囊。

謝謝世間所有懂我憐我愛我的人，我知道你們都在黎明等候，等我越過山丘！可是，我太累了。

此生，我不想重於泰山，也不怕輕於鴻毛。我唯一的心願，就是希望冰雪消融之後，眾生依然熱愛大地，依然相信祖國。

等到春雷滾滾，如果有人還想紀念我，請給我立一個小小的墓碑吧！不必偉岸，只須證明我曾來過這個世界，有有名有姓，無知無畏。

那麼，我的墓誌銘只需一句：他為蒼生說過話。

他為蒼生說過話

編者按：本期 特別刊出李醫生的墓誌銘，向他致最崇高的敬意！

2月7日，李文亮醫生的妻子付雪潔在社交平臺發佈聲明稱：不接受任何個人捐款，網上流傳的關於她本人的求助資訊均為不實資訊。聲明全文如下：

本人付雪潔，襄陽人，是李文亮醫生的妻子，本人聲明我們不接受任何個人捐款。網上流傳的本人求助資訊均為不實資訊。

感謝社會各界對李文亮醫生及對我們家人的關懷！

同時我把我丈夫李文亮的《我走

◎李文亮

了》完成全稿！

在我成為一粒塵埃之前，我又靜靜地懷想了一遍故鄉的黑土白雲。多想回到小時候啊，風是盡情飛舞的，雪是潔白無瑕的。

活著真好，可我死了。我再也無法撫摸親人的臉龐，再也無法帶孩子去看東湖春曉，再也無法陪父母去看武大櫻花，再也無法把風箏放到白雲深處。

我曾依稀夢見我尚未出世的孩子，他（她）一出生就眼含熱淚，在人潮人海中把我尋找。對不起，

台灣的撤僑秀

我早認定台商回台是作秀，因為現在疫情緊張，武漢為了扼止病毒感感染已經封城戒嚴，待在武漢不要亂跑是最安全的，200多人搭機回台徒增自身危險，更是加害台灣。

但是在美國日本表演了撤僑以後，台獨蔡政府也想跟進，製造武漢疫情的恐怖氣氛，因此也來玩撤僑。你知道真正撤僑怎麼撤嗎？既然決定撤僑就要全體撤離，看看中國從利比亞，葉門怎麼撤僑，那是派艦隊，軍艦，或租用意大利郵輪，幾萬人的撤乾淨，台商200多

◎盛嘉麟

人搭機回台非常可笑。

1) 台獨蔡政府其實並不關心大陸台商的安全，他們不是蔡英文的鐵粉，總統大選投票前還故意阻礙回台包機班機。

2) 台商在武漢至少1000，湖北2000，再考慮南京上海昆山蘇州，北上青天，全大陸幾十萬人，你有撤僑計劃嗎？

3) 因為只是作秀，台灣本地的疫情防範的醫療隔離設備，全省加起來不到1000病床，醫療人員更是

有限，所以第一架飛機帶來200多人後已經受不了，就阻止了第二架再來，貽笑兩岸。

4) 台灣陸委會阻止第二架飛機不準來的眾多原因是，大陸那邊把陸配及小孩也登機，沒有讓老弱婦孺優先登機，沒有讓短期出差的台商優先登機，.....一共200多人的撤僑，要武漢機場的人做這麼多的篩選，有夠強人所難。

5) 按照大陸的計畫當然是封城隔絕是防範病毒感染的最佳辦法，但是你美國日本台灣...要來玩羞辱中國製造恐怖的國際遊戲，大陸也極力配合讓你們玩，台灣飛走一架就沒有下文，讓我們看到，大陸在認真奮戰病毒災禍，台灣在跟隨美國作秀撤僑。

What NY Times Morning News Brief after The Impeachment Tells US?

The Impeachment of President Trump was over on February 5th with 52:48 and 53:47 acquitted Trump as not guilty on charges of abusing power and obstruction of justice (Congress). From the NY Times news briefing on February 6, one gets a feeling that the Impeachment is over and the attention is focused on the Democratic caucuses with an issue of bringing to an end of endless wars overseas. In fact, the death of Hollywood Star Kirk Douglas was mentioned along with the two above news items in the morning news editor's opening remarks. The vote results were referenced to a separate report not explicitly stated in the news brief which sort of suggested votes not as important as the Impeachment process; a survey made at the National Mall in Washington DC concludes: "Everyone said it was a fraught process." The only detail mentioned as news analysis about the Senate Impeachment vote was that the only Republican Senator, Mitt Romney, cast a guilty vote on Trump. I watched Romney's speech, through his emotional delivery, for some reason I see a vivid possibility of Romney switching to Democrat in the days ahead. A related news article mentioned that Attorney General William P. Barr announced in a memo to ensure that elections are "free from improper activity or influence" and investigations into 2020 Presidential candidates must be cleared by top Justice Department officials. This memo issued on the same day Trump was acquitted in the Senate clearly would give all candidates including Trump a good night sleep.

The Iowa caucus results, although some said not critically important, definitely looks like an EKG report for the candidates, an early indication of any heart problem. Surprising to non-Iowan or not, Pete Buttigieg's slim lead got slimmer after 97% of precincts reports turned in. Buttigieg got 550 state delegates, Bernie Sanders 547, Elizabeth Warren 381, Joe Biden 331, Amy Klobuchar 255, Andrew Yang 22 and Tom Steyer 7 with 4 uncommitted votes. The message was clear that the top four candidates have a tough battle ahead and the rest may take a rest. In this caucus smart-phone app was used for the first time. Ken Sager, the Iowa Democratic Party Treasurer said,

Mainstream and Organic Views Dr. David Wordman

"All the Trump people from around the country started calling" during the one hour 20 minutes call time. Here is another issue in addition to balloting democracy faces: How do you use high technology for voting efficiency and accuracy and how to prevent fraud in ballot counting. As a technologist, I suggest that an ID registered election app is provided from the Federal government for each voter to use on his or her smart phone and public owned phones are available at the designated voting place to cast the vote. The voting procedure is that one first cast the votes then the system acknowledges receipt and return with the voting result to get another confirmation with ID verification. Phone camera is required to be on to assure voter acting independently and privately. Only the confirmed votes are then tallied. The voting is limited to a brief time window for random set of phone owners to prevent phone jam and fraud.

Coronavirus deserves to appear in the morning news brief. NY Times highlighted the increase of death toll to 563 for more than 28,000 confirmed cases. The fatality rate is about 2% (563/28000) appearing much higher than seasonal flu's death toll. CDC estimates that we have 9-45 million illnesses caused by flu, between 140,000 - 810,000 hospitalizations and 12,000 - 61,000 deaths annually since 2010. Thus, the death toll of flu is about 9% (12000/140000) or 7% (61000/810000) or 0.133% (12000/9000000) or 0.135 (81000/45000000) in a different interpretation. Actually, serious flu (requiring hospitalization) has a quite high death rate (7-9%) regardless whether we have vaccine or not. Of course the threat of Coronavirus is that we have not developed vaccine or medicine. However, there were several hundred cases of cure and release which indicate like flu virus it can co-exist in human body. The issue is whether it can be easily

transmitted from human to human. China's decisive measure of closing cities and municipalities with increased hospital care for suspicious patients seems to be the right approach for stopping the spread of Coronavirus and buying time to develop medicine and vaccine. I am glad to see the WHO and many countries are lending humanitarian support to China. The Chinese living in the U.S. have started massive donations and material support, a commendable effort.

Kirk Douglas, a famous Hollywood star with many great movies such as, "Lust for Life", "Paths for Glory", and "Spartacus" died on February 5th at age of 103 (December 9, 1916 - February 5, 2020). He is known for his muscular role and strong character in films with his dimpled chin and penetrating gaze leaving the audience a memorable impression. Kirk has three sons and one of them, Michael Douglas, is also a famous actor. The fact that he lived to 103 adds to his legend, a tough character can live a long life. Like most immigrant family in the U.S. in the early twentieth century, Kirk had an impoverished childhood with six sisters. His success came after WW II with many of his post-war films. He was not only an actor; he became a producer, director and a philanthropist as well as an author of ten novels and memoirs. Naturally he received many awards including the Presidential for Freedom. He survived a helicopter crash (1991), suffered a stroke at 80 years old (1996) and lived to 103 as a religious person. Douglas's long life triggered my thoughts on our top presidential candidates' age; on election date, Sanders will be 79, Mike Bloomberg 78, Joe Biden 77, Donald Trump 74, and Elizabeth Warren 71, Does this tell us something?!

As our readers know that the US-China Forum is formed by mostly senior American citizens, I appreciate receiving the free NY Times morning news brief sending to seniors. I enjoy reading unbiased morning news briefings. As we observe the Presidential campaigns, we recognize that our citizens are placing the future of the U.S. in the hands of seniors. For what reasons? I will say for their life experience, knowledge, wisdom, judgment and most importantly their healthy body and mind.
