

# 皇民運動 臺獨運動 反華運動

## 台灣高中生發動的課綱暴亂

台灣高中生發動的課綱暴亂，其實就是皇民運動+台獨運動+反華運動又一次的綜合運動。我的分析是這樣。台灣失去歷史主軸，始作俑者是蔣介石父子。他們光復台灣之後一心消滅共匪，沒有進行該有的社會正義平反，沒有徹底遣返日本倭寇，沒有消除日本皇民，沒有弘揚台灣的抗日族群。造成今天台灣倭寇皇民強大的勢力，往昔抗日族群的後裔無人聞問，台灣成為亞洲社區唯一的皇民奇葩。

他們光復台灣之後一心消滅共匪，全力醜化共產黨，儘力醜化中國大陸，進而仇恨中國，造成今天台灣的反華運動。

蔣介石父子之後台灣進入全民選舉的民粹社會，這時台灣倭寇皇民族群強大的勢力，透過選票更加強大，強大到歷史教科書日本統治必須改為日本英明統治，台灣慰安婦必須改為台灣慰安婦自願獻身皇軍，才能滿意倭寇皇民族群。

台灣所謂的街頭運動，沒有一次基於理性的正義的原因，因此引發不起學國蜂擁的力量，其實就是一波一波成不了氣候的社會暴亂，只能拖垮政府的執政效率，使台灣原地踏步無法進步。這些參與課綱暴亂的高中生，歷史書沒有唸過一本，也不知道課綱微改的內容，受到民進黨嗾使之後為什麼如此激烈抗爭，甚至病態自殺。我十分擔心是馬爾薩斯的人口論效應。

台灣人口密度 650/km2 居世界第二，僅次於孟加拉的 1140/km2，但是孟加拉全國都是平原農田，台灣有65%是不宜居住的山區，調整後的台灣實質人口密度高達 1350/km2，遠超過孟加拉，居世界第一。當 2300萬人擁擠在 12000 km2 的平原地區的時候，除非有蔣介石蔣經國時代的反攻大陸，殺朱拔毛，十大建設，亞洲小龍...不斷的國防政策，經濟政策，財政政策來領導人民激發人民向未來的前景奮鬥，否則人口論效應就會發酵，只要風吹草動，人民的情緒立即無理性的往社會發洩，族群撕裂，辱罵政府，

無故殺人，機車狂飆，媒體狂妄，侮辱祖先，自我作賤，毀壞財物，毆打官員，反對核能...最後以戰爭暴亂貧窮殘酷...使得社會瓦解，達到人口密度劇降的結果，才能回到正常的社會穩定。中國歷史上的一亂一治，正是人口論效應的證明。如果你看看加拿大澳洲紐西蘭長期安定無波的社會，就更知道是人口密度偏低，遠離人口論效應的結果。

台灣除了自李登輝以來缺乏領導人民激發人民走向未來的激勵政策，島內人口擁擠已經形成的人口論效應，再加上經濟停滯之後帶來無法避免的貧富不均日趨嚴重，更是人口論效應的催化劑，雖然台灣赤字預算支撐的社會福利政策，加上二蔣時代累積的財富可以延緩人口論效應於一時，但是近年來人口論效應愈演愈烈。看看反核運動，太陽花運動，反課綱運動...的學生，我看不見五四運動的愛國狂潮，只看到不愛唸書找不到出路沒有前景 家裡沒錢的學生，發洩內心說不出口的怨恨與不爽，要死大家死的反社會情緒。何況鬧事結果打出知名度還能藉以參選地方議員立法委員，闖出一條政客之路。

我們分析近年來台灣的反核運動，公民不服從運動，反兩岸貿易運動，太陽花運動，反課綱運動...都缺乏強大的理由及正義，多半是對社會不滿的發洩。有如雨後春筍冒出來的電視名嘴節目，基金會，民間組織，社會團體...密度之大世界第一，未必有強大的理由及正義，多半是對社會不滿的發聲。雖然缺乏強大理由及正義的發洩無法顛覆政府，不能推翻國家，更不敢獨立建國，但是一波一波成不了氣候的社會暴亂，仍然足以拖垮政府的執政效率，逼使內閣頻頻換人，優秀人才裹足不前【吳思華好好的教育部長為什麼要辭職？】，其他問題都能解決，人口論效應幾乎無法解決，如此人口論效應的惡性循環能使台灣自我衰竭。

# 不忘日本殖民統治的怪異情懷

## 臺灣是一個不知尊嚴為何物的地方？

被日本右翼議員讚為“比日本人還日本人”的前中華民國總統李登輝，再度在日本放出“台灣人感謝日本統治”，“釣魚台屬於日本”等言論。連日本首相都不敢公開參拜靖國神社的情形下，他在2007年參拜靖國神社時說：“台灣人到日本靖國神社，也應該鞠躬一下”和“領導世界的只有日本”。在1989年日本昭和天皇去世時，李登輝說：“全世界只有台灣，和日本一樣，表示由衷的哀悼！我的悲痛也不下於日本人”。

前副總統呂秀蓮也曾在日本公開感謝甲午戰爭把台灣解救。

也許很多人都不知道，在台灣總統府內，自阿扁時代起，就一直懸掛著日本在台歷任總督的肖像。

今年當全世界各國人民都在紀念全球反法西斯勝利七十週年，以避免慘痛歷史重演之時，臺北市長柯文哲，阻斷了在中山堂去舉行紀念抗日勝利七十年的活動，並說：“為什麼要慶祝抗戰勝利？為什麼要強調台灣抗日？不可以提抗日英烈，要寫台灣人戰敗的心情，不要提台灣光復”。

綠營名電視主持人，鄭宏儀也在節目中說：“我爸爸是日本人，現在要紀念抗戰勝利，想過我爸爸的感受嗎？我們應儘量不要去傷害這塊土地人民內心的情感。眾所周知，台灣教科書內容在阿

扁任內已被修改的體無完膚，裡面充滿了對日本殖民統治的歌功頌德，而馬政府到今天才推行微調，但遭到綠營的強力反對。在民進黨的鼓動支援下一群學生夜襲教育部來反對“課綱微調”。

全世界人民包括希拉蕊和美國國會在內，都要求日本為其強征台灣和韓國慰安婦的罪行道歉，但綠營卻反對在教科書中去聲稱當年台灣慰安婦是被強迫的。

在阿扁政府推行的教科書中，他們沒有告訴年輕學生們，在日本殖民統治期間，全島200多個鄉長中只有三個是台灣人；而在光復後，台灣人民可被選為總統，行政院長和立法委員。

他們也沒有告訴學生，當年只佔人口5%的日本人卻佔台灣大學學生人數的95%，而台灣人是不能被允許學習法律和政治；而光復後台灣學生可進任何名校，任何領域就讀，沒有限制，而人民也過著前所未有的富裕生活。

當然他們更沒有告訴學生，如果蔣介石和國民黨沒有把政府精英，軍隊和國庫退守台灣，台灣早已是中共的一省，和其他中國人民一樣。遭受到三反，五反和文化大革命的劫難。

然而他們卻反對微調課綱去否認中華民國對台灣的貢獻，理由是：“違背史實”。但不知，橫貫公路和縱

～濱楠～

貴高鐵的構建有沒有促進了交通物流還是比不上日據時代阿里山小火車對台灣經濟民生的貢獻？國民黨帶來了大量的師資，光復後台灣教育的普及與提升以及新竹科學園區的設立，有沒有促成台灣經濟的起飛；還是歸功於過去日本殖民統治的結果？三七五減租和耕者有其田的政策有沒有使廣大的農民受益，還是日據時代，鞏固地主和紳士利益的作法更符合社會公平正義？

無數的人們都看過“忠犬萊茜”的影片，也都深深的被萊茜忠於舊主的義行所感動。但世人會被李登輝，鄭宏儀和柯文哲等綠營皇民人士們的忠心耿耿，永世不忘異族殖民舊主之“奇特”舉世無雙的情懷感動嗎？

做為中華民國總統後選人，蔡英文沒有強力遣責李登輝，柯文哲，和鄭宏儀等人的言行，因為他們都是蔡的主要支持者。如果她當選，台灣是否會進一步變成一個沒有靈魂，不知尊嚴為何物的地方呢？

詩雲：  
魂繫舊夢老蒼癩  
欲隨風主渡餘年  
忠犬萊茜是好樣  
只羨皇奴不羨仙

## 伊朗禁核協定改變世界均勢

當前的情況是，共和黨的17名總統候選人全部反對奧巴馬主導、獲得其他四個安理會常任理事國與德國同意的、跟伊朗簽訂的禁核協定，而國會中的絕大多數（如果不是全部）共和黨議員和少數民主黨議員（多半是猶裔或得到猶太利益集團獻金的議員）也反對禁核協定。如果反對禁核協議的議員人數超過三分之二，他們就能夠推翻奧巴馬的否決而使該協定無疾而終。

許多論者指出，美國其實沒有好的選擇。如果協定不獲得通過，則伊朗不必將其核武器發展延後十五年，也不必受到國際原子能機構隨時隨地的檢查，以至於除非用武力摧毀之，基本上無法阻止它在短期內擁有核武器。問題是，伊斯蘭國的冒頭已經夠頭疼的了，美國真的願意進一步樹立另一個敵人，一個暗中跟它聯手對付伊斯蘭國的中東大國？

此外，由於奧巴馬很難得地獲得俄國和中國的支持，終於能夠以安理會的名義對伊朗施行全球性制裁，使得伊朗經濟陷入困境，才促使它走向談判桌。因此，它是奧巴馬外交上的勝利，也是他總統任內歷史性的成就。伊朗呢？在極端困難的情況下仍然繼續向發展核武器邁進，因此也逼得美國要嘛談判，要嘛就不斷受到國內保守派和以色

～水秉和～

列及其游說團的壓力，逼迫它以武力摧毀之。兩者相權取其輕，奧巴馬選擇談判。如果美國自己扯後腿，那麼其他國家還會繼續對伊朗施行制裁嗎？當然不會。

另一方面，一旦解除制裁，則美國必需逐步釋放它在銀行中凍結伊朗價值1,000億美元的資產，伊朗也可以立刻大量提升它的石油出口，據估計可以達到每天百萬桶。錢多好辦事，這個擁有8千萬人口的中東大國必然會成為中東的區域霸權。它也非常可能對鄰國的什葉派武裝組織提供更多的援助。

所以說，美國沒有好的選擇。為什麼呢？簡言之，因為世界在變化，新勢力在崛起。不肯對敘利亞和伊朗使用武力所揭露的是，美國對一貫使用的對新崛起的勢力施行打壓的政策逐漸出現了力不從心的現象。再繼續這種打壓式的做法，必然會出現保羅·甘耐迪的名著《大國興衰》一書中所說的，所有大國的霸業都會因為應付維持霸業的資源需求而人敷不出，最後導致衰落。

因為，如果持續這種打壓政策，它下一個需要打壓的是世界第二大經濟體，中國。習近平在他上一次訪美的時候提出了大國關係的倡

議，美國迄今不答應。九月間他將以總統身份來訪，而奧巴馬處於兩難。到底美國仍然把中國當作對手，聯合日本、菲律賓、越南等週邊國家，以軍事聯盟作為手段，來圍堵它呢？還是改變幾十年間牢不可破的冷戰思維，跟中國合作，爭取共贏呢？

我們觀察到的是，今年的上海合作會議接納印度和巴基斯坦——兩個世仇——為會員國。幾乎毫無疑問，伊朗明年會從觀察員身份轉變為正式會員國。如此，中、俄、中亞四個斯坦國、印、巴和伊朗，加在一起，構成了一個相當可觀的亞洲經濟合作夥伴集團，為推行“一帶一路”提供了相當廣大的地盤、商機和有利前景。這無疑會改變世界均勢。

我們還看到的是，就在協定剛剛獲得通過，而美國國會還沒有審議和認可的時候，德、法的外交官和企業領袖已經爭先恐後地往德黑蘭跑了。他們去幹什麼？當然是重續前緣和尋找新的商機。更絕的是，沙特阿拉伯外交部長也匆匆忙忙地跑到莫斯科去跟俄國尋求改善關係。我們知道，沙特是美國在中東僅次於以色列的盟友，現在因為美國跟伊朗拉近關係，它也就需要另找舞伴了。這至少也是一個相當戲劇化的變化。

我們不妨再重複一句：世界在變化，新勢力在升起。在此關鍵時刻，美國在外交政策上嚴重缺乏共識，無論如何都是件相當令人遺憾的事。

# The World Scholars Should Confirm Who Really Discovered America!

An old movie, (The Day the Earth Stood Still, directed by Robert Wise, produced by Julian Blaustein, Screenplay by Edmund H. North, and based on a 1940 novel (Farewell to the Master) written by Harry Bates), was released in 1951 costing \$995,000.00 in production and grossing \$1,850,000.00 in box office including theatrical rental. This old black and white film was about an advanced alien visiting the Earth to warn the warring Earthlings that it would be too dangerous to threaten each other with nuclear weapons. The hostility between nations on Earth will not only subject the primitive human civilization to destruction but will also harm the harmonious Universe. Hence, the alien, after demonstrated his superior intelligence and power, delivered a clear message to the Earthlings through a gathering of international scientists: "If you do not stop squabbling and threatening each other (and the universe) with nuclear weapons, the advanced beings will have no choice but annihilate the Earth planet!". Obviously, this low-budget film by Hollywood standard did not score a big hit, though it carried a gigantic message for mankind. The nations on Earth today are not only still quarreling but worst of all still continuing to develop nuclear weapons promoted by prejudice, racial discrimination and hatred against one another. The ill feelings and military threats of humans among nations are principally due to misunderstanding and ignorance or misinterpreting and disrespecting the evolution of human civilization and history. The North-Wise film shows that the true human history is so minute in the universe time scale and its correct course is to develop a harmonious Earth Planet as a part of the harmonious Universe. This message has triggered my interest in writing the present article concerning finding the truth about the history of America and how human and Earth development may be critically dependent on the truth - Who had discovered America?

The title subject is meant to provoke serious scholarly research on the above question. The Earth scholars have the responsibility to find and deliver the truth about history (the advanced alien in the above film trusted the scientists to deliver his message to the national leaders on Earth). The answer to the question is very important because the truth can help correct misconceptions and misinterpretation of the recent Earth history which clearly exhibited human prejudice and racial discrimination as the source of human conflicts. Finding correct answer to the question above would shed some light on the development of human civilization (European, Asian, African and American) and their interactions as well as how they might have developed differently if the truth were known. Would it be possible, by knowing the truth and the existence of advanced civilization, the Earthlings might leverage its past and progress to a more harmonious 'Planet' future rather than engaging in violent atrocities committed in conquest, colonization and wars?

Ample evidence suggest that the Oriental people discovered the American Continent. One cannot brush aside these evidences simply because they were not scholarly discovered. Their importance lies in the fact that the Western and Eastern civilizations are coupled through this type of historical event. The Orient visited America way before Columbus perhaps multiple times. They elected to leave the American Continent in peace rather than practicing colonialism as did the Western powers, the Spanish, Portuguese, Dutch, and British. If colonialism were not practiced in the past centuries, the Earth world would be in a more harmonious state today.

### Mainstream and Organic Dr. Wordman

Christopher Colombo (aka Columbus, an Italian, 1450-1506), completed four voyages (1492-1503) across the Atlantic Ocean under the auspices of the Catholic Monarchs of Spain. He initiated the Spanish colonization of the New World, hence referred as a colonizer by historians. Colombo's voyages turned exploration to conquest and colonization (committed atrocities against the natives) that lasted several centuries. Contrary to common belief, there are nine categories of evidence that support the theory that the Chinese had discovered America way before the time Columbus explored the New World. We shall present them below category by category with reference names so the readers can search further for details. Some of these findings may be 'non-scholarly' established circumstantial evidence but each category deserves a serious scientific investigation. Collectively they present a convincing proof that the Chinese discovered America (particularly North America) but they left the New World in peace.

- The nine categories of evidence:
I. Ancient Maps - Several ancient maps have shown that America (including today's California) was included. (Missionary Dr. Hendon Harris maps, Charlotte Harris Rees, Secret Maps of the Ancient World, Dr. Siu Leung Lee, 1602 Chinese world map proves Chinese circumnavigation before 1430 and Ming Chinese pioneered in developing America, and 1507 Waldseemuller map and 1570 Ortelius Map)
II. Huge Stone Anchor - In Ming Dynasty, Zheng He made seven exploratory voyages using fleets of large ships (many times bigger than the later Columbus ships) reaching as far as America from China. The stone anchor discovered off coast of California could only be used by Zheng's large ships. (Charlotte Rees, photos)
III. Carved Calligraphy of Chinese Symbolic Words - Many carvings were discovered on huge boulders and rock walls in North America, and these carvings were identified as Chinese symbolic language. (Petroglyph and Pictograph, John A. Ruskamp, Jr. Asiatic Echoes and H. Mike Xu, Origin of the Olemec Civilization)
IV. Ancient Artifacts - Many ancient artifacts were discovered in South and North America. (Charlotte Harris Rees, the Asiatic Fathers of America, 2006)
V. Plant Species - Peanuts traveled from South America to Asia across the Atlantic Ocean and back to North America. California giant Sequoia tree was found on ancient map. (Charlotte Rees)
VI. Clues in the Language - Chinese and American Indians have some common language, for example, the greeting, hao, used by both. The word Peru came from the Chinese word Biru meaning white dew. Ortelius map of Peru, 1574, showed R. de China (river of Chin) and Da Rien which means tall people (Da Ren in Chinese) (Francisco A. Loayza, Chinese Arrived Before Columbus: an Archaeological,

- Transcendental Thesis, 1948)
VII. Chinese Pyramid - Pyramids in South America were attributed to be built with Chinese supervision. (Dr. Robert Schoch, Voyages of Pyramid Builders, 2003)
VIII. Human DNA - Though denials were promoted, the four main haplogroups (types of mtDNA) prevailing in American Indians rarely found in Asia, but the 'founding' haplotypes are shared between the two continents. (Dr. Simon Southerton of Australia, Losing a Lost Tribe, 2004)
IX. Historical Trails - Ancient trails travelled by ancient visitors manifesting the arrival of Chinese were retraced by modern believers including the "Medicine Wheel". (Charlotte Rees, Did Ancient Chinese Explore America?, 2013 and references in I.)

The above evidence lends strong proof that the Chinese indeed discovered America. The Ming Court allowed Zheng He to explore the New World beyond China Sea in seven voyages between 1405-1433, but after learning the New World being a primitive civilization, the King ordered destruction of Zheng's maritime records and banned further exploration by forbidding construction of large ships, a clear intention of leaving the New World in peace with no desire to conquer or colonize it. Just imagine if this knowledge were known to Columbus, perhaps Christopher might take a different approach to the New World from practicing colonization and slavery? Knowing that the Chinese had more advanced civilization and left America alone; perhaps the Western Courts would follow suit. Then the Western Nations might not focus on naval competition leading to colonial wars and eventually invading China. Perhaps Japan would not feel inferior and wanted to copy the West, militarism, colonialism and all. Perhaps, the belief in superiority of Western civilization and the doctrine of superior races (such as Anglo-Saxon-British Empire, German-Nazis or Japanese-Imperial Japan) would never flourish to create two world wars.

The Chinese were never an aggressive people (no DNA of 'colonialism'). The Chinese had always been advanced in culture, technologies and philosophies. Their defeats by the Western powers including the Japanese were never because they were inferior or primitive rather because they had long adopted 'the harmonic world' as their political philosophy. Ironically, today the right wings of Japan and the U.S. are touting a 'China Threat' as a military dogma to justify arms race and military expansion. This is the precise wrong approach that had led to WW I and II.

If the Chinese who first came to America decided to colonize America like the Western explorers did, what would be America like today? Researching the true answer to the central question above should make us think - in the light of the alien wisdom in the North-Wise movie. The West and East civilization rivalry is not a superior versus inferior confrontation. The East need not feel inferior and the West can not feel superior. The Japanese should remember that their founding masters/teachers were the Chinese scholars in the first place. Asians had to absorb the Western technologies just like the renaissance had been benefited from the Eastern civilization. On Earth Planet, mankind should have learned the evils of colonialism and imperialism from the past and the evil of socialism and capitalism in the present. The Greeks and all earthlings must realize, we must help ourselves and then others to be a harmonious planet!
